

A message from:

Paul R. Kohn, Dean of Admissions; and Beth Acree, University Registrar

RE: Readmit registration release.

Effective Fall 2010, students re-admitted to the University of Arizona will be permitted to register on the same dates as incoming transfer students. The registration release dates for Fall 2010 are yet to be determined but will be distributed in early spring.

Aligning the dates of registration release for new and returning students will ensure that our continuing students receive the highest priority in terms of class availability. Until now, re-admitted students have been granted priority registration privileges thereby enabling some to register ahead of the students who have not stopped out of the University. I hope you will agree that our continuing students should come first in priority registration, both in terms of the resource demands placed on you, and in terms of the University's course offerings.

Please let one of us know if you have questions or concerns. Thank you.
