Youth Online Civic Engagement Study

Be a part of an important Sociological Research Study

- Are you between 18 and 25 years old and want a gift card for spending an hour talking about civic engagement?

If you answered YES to these questions you may be eligible to participate in a sociological research study.

The purpose of this research is to gain a better understanding of participation activities such as signing an online petition, spreading a message via Facebook, sending an email to someone as part of a coordinated campaign, or supporting a political issue by joining a political group on a social network site like Facebook.

Interviews will be conducted in Social Sciences 439B.
